week 342 births, 170 marriages and 632 deaths, being an increase over the preceding week of 71 in the deaths and a decrease in the marriages of 37, in the births of 9 and in the stillbirths of 14.

At two o'clock yesterday afternoon a fire broke

out in the stables at the rear of No. 7 Albany street,

that caused a damage of \$600. Three horses and a cow were burned to death. No insurance. The cause of the fire has not yet been ascertained. It appears from the testimony given before the

Coroner's jury at Williamsburg that Thomas Sisk, whose death appeared in the Herald of Friday,

came to an untimely end by the accidental dis-charge of a musket which he was in the act of cleaning, and not by suicide, as the circumstances led the police to believe.

THE COTTON MOVEMENT. The receipts of cotton at all the ports for the ek were 11,833 bales, against 10,762 bales the previous week. The total receipts since September 1, 1871, are 2,678,045 bales, against 3,845,176 for corresponding period of previous year, showing a decrease in the present crop of 1,167,131 bales. The exports from all the ports for the week were 13,501 bales, against 20,970 bales last year. The total exports for the expired portion of the cotton year are 1,878,879 bales, against 8,003,732 bales for the same time last year. The money market was quiet at 4 a 5 per cent on governments and 5 a 6 per cent on stocks. Prime paper was quoted 6 a 7 per cent discount. Foreign exchange was dull and steady.

There were only two prices for gold all lay-viz., 113% and 114—the slightly firmer one of the market being dwg. tone of the market being due to the larger run of the foreign imports as compared with last week, although the week's introduction is much below the average earlier in the season. The market was also inclined to assume ength on the sudden scarcity of cash gold in the forenoon, borrowers for the Clearing House settle-ment, which lasts over to Monday, having paid high as 1-16 per cent for the use of the coin wherewith to make their deliveries. But on the ap-pearance of a better supply in the afternoon, when high as 4 a 5 per cent was paid for carrying, the inclination was arrested, and the market closed at the quotation 113% a 114. The early firmness was helped for a time by the small decrease of specie in the bank statement, but a correlative adverse influence was exerted by press despatches from Geneva, giving it as the impression there that the arbitration was likely to be proceeded with. The operations of the Gold Exchange Bank were as follows:-Gold cleared, \$88,345,000; gold balances, \$5,358,522; currency balances, \$6,184,106.
The Sub-Treasury paid out \$47,000 on account of

taken before the various Justices of Brooklyn for different crimes.

Kerosene Fatality.

The demon of destruction is working sad havoc in the ranks of humanity through his efficient

agent, kerosene oil. The latest victim is Mrs. Margaret Richardson, residing at 62 Fulton street. This lady was terribly burned about the head and face by the explosion of a kerosene oil lamp on Thursday last, and died from the effects of the injury sustained on Friday night. Coroner Jones will hold an inquest over the body on Monday.

The Commissioners of Docks asked the Board of Police to clean the surface of the piers and bulkheads all over the city. The communication was referred to the Superintendent of the Street Cleaning Bureau, with orders accordingly.

diminished appropriations Commissioner Van Nort has dispensed with the services of the following employés in the Bureau of Sewers:—One general inspector of sewers, at a salary of \$2,500 per annum; five axemen, \$2 50 per day, each. The salaries of five rodmen have also been reduced from \$1,500 to \$1,200 per annum, making a total reduction in the annual expenditures in the Bureau of Sewers of \$10,362 50. Commissioner Van Nort has for some time given his attention to the matter of selecting a proper pavement for South Fifth avenue and Church street, with a view of testing the desirability of some pavement other than stone or wood, such as the Limmer pavement used in London, or the Val de Travers pavement. It appears, however, that a large majority of the property owners along the lines of these streets are opposed to anything but square-block stone pavement, and, as they will have to bear the expense, the Commissioner feels it to be his duty to defer to their wishes.

Thomas Brennan, of 761 Greenwich street, on Friday night entered the grocery store of Harman H. Heidgood, at 765 Washington street, and demanded a drink of whiskey. Heidgood thinking he had drink enough, refused to give him any, which so enraged Brennan he dealt him a blow in the face with his fist, and ran from the store. He returned in a short time, having in his possession a large butcher knife, which he flourished over his head and threatened to get square with the Dutch—Officer Van Arsdale, of the Ninth precinct, disarmed him as he was entering the store, and took him to the station house. Yesterday morning Justice Ledwith, at Jefferson Market, locked him-up for trial at the Special Sessions.

MURDER IN MARION STREET.

On Sunday last a desperate fight occurred in the tenement house 25 Marion street, between Daniel Donohoe and several Italians who lived on the floor beneath. Donohoe was intoxicated and insulted Rocco Italo, calling him vile names. A struggle occurred and the parties were separated by friends.

Donohoe renewed the quarrel, holding in his hand a small hatchet, which was pulled away from him by Giovanni Bruno. A number of men participated in the fight and Bruno struck Donohoe on the head with the axe, while Italo plunged a shears into his abdomen. After inflicting the wound, Italo ran into the street, pursued by a hooting mob, who cried "Stop the murderer!" Thomas Keegan, an old man sixty years of age, tried to intercept the fugitive and narrowly escaped being stabbed by the fellow. Just as he passed him, however, Keegan tripped him up, and as he lay upon the ground disarmed him of a barber's shears and held him until the police came.

The wounded man was removed to the station house and subsequently conveyed to his home, where his death took place two days after. An inquest was held yesterday by Coroner Herrman, and the above facts being offered in testimony, the jury rendered a verdict against Rocco Italo and Giovanni Bruno as accessory. Both were sent to the Tombs. occurred and the parties were separated by friends.

THE HOUSE OF REFUGE HORRORS. NEW YORK, June 13, 1872.

To the Editor of the Herald:—
I am sure I express the sentiments of many when
I thank you for your article of Wednesday in regard to the horrors of the "House of Refuge." Few of us imagined that we had the "Inquisition" so near us imagined that we had the "Inquisition" so near to us. But a cry has gone up to Heaven from that dark "closet," and the poor boy, Dunn, is made the instrument of bringing the dark deeds to the light and, we hope, to punishment. If "Jones" could but be condemned to endure some of his own punishment there would be reason to hope that such barbarities would not be repeated in the future. But if he escapes from man the justice of God will surely overtake him sooner or later. But where were the exceelent gentlemen who visit the institution constantly? I suppose these "punishments" were arranged for a time when they were not there. It would not do for them to hear the shrieks and groans of the poor victims or to see in their rounds of inspection those who were "hanging by their thumbs" or those on whom the blood was "trickling down to their boots" from the "thong" and "eane."

But have these good men never inquired into the nature of the punishments in the institution of which they were the guardians?

May God forgive them if they have not! I think they can never forgive themselves.

MUNICIPAL AFFAIRS

The Board of Supervisors and the Clean ing of the Court House-The Unpaid Justices' Clerks.

An executive session of the Board of Supervisors was held yesterday in the clerk's office, for the pur-pose of considering, among other things, the prespose of considering, among other things, the pre-ent condition of the Court House and the appoint-ment of scrubbers, cleaners and janitors for the cleansing thereof. It was understood at the close of the meeting that at the session of the Board to-morrow certain recommendations of appointments will be made, and that the Board will take upon itself the maintenance of the Court House, and that the present very disgraceful condition of the building will not continue for more than a few days. The scrubbers and cleaners recently discharged are still without their pay. Nearly ten months' salary is due, but not a dollar has yet been received. The Auditing Bureau state that they have not yet received any pay roll from the Court House Commissioners, and are therefore unable to pay the claims. When that pay roll is delivered, and is found to be properly attested, all honest claims will be paid to the uttermost cent. The Court House Commissioners claim, however, that the practice of paying the pay roll by the Comptroller is an innovation by Mr. Green; that under the former dispensation the amount appropriated for Court House cleaning was paid them in a lump sum, and they were responsible for the discharge of the pay roll. Mr. Green prefers paying the roll himself, and thus, between the two contending parties, men and women who have worked hard and honestly for their money are left for ten months unpaid. The clerks of the Police Justices are hecoming very restive whenever they approach the Department of Finance, consequent upon what they allege is a gross injustice perpetrated upon them by the Comptroller. With ohe exception, all these clerks have not received one exception, all these clerks have not received one end of their salary for ten months. The difficulty is as follows:—The former Common Council doubled the salary of both Judges and Clerks. The Comptroller contends that the increase has not received a legal sanction by the Legislature. He therefore declines to pay the increased salary. PLUG TOBACCO.

The Recent Decision by the Commis sloner of Internal Revenue Ruinous to

the Tobacco Interests of Virginia.
RICHMOND, Va., June 15, 1872. gess from the Commissioner of Revenue, Douglass, to-day, stating that all plug tobacco bonded after to-day, stating that all plug tobacco bonded after June 6, 1872, and withdrawn for consumption shall pay a tax of their-two cents per pound. The effect of this decision is that no tobacco now in the United States bonded warehouses, unless bonded previous to June 6, can be withdrawn by the payment of the new tax of twenty cents. All tobacco bonded after that date will be compelled to be withdrawn at the old rate of thirty-two cents.

The manufacturers here are seriously affected by this decision, and it is believed that many of them may be ruined by it. The department is blamed for not promulgating this decision before. Many manufacturers had bonded large shipments since June 6, that they might avail themselves of the new tax.
